ACCESSORIES / IMPREGNATING AGENTS / PRIMERS

Mapei Adesilex P9 white glue

Bonding outside and inside buildings of ceramic tiles and ceramic mosaics, sandstone tiles and natural stones (insensitive to humidity) on floors, walls and cei

INSTALLATION AND PROTECTION PRODUCT FOR CLADDING

IDENTIFICATION

Dartank reference	**D11AC22**
Dartank EAN	**3701839359891**
Material	**Installation and protection product for cladding**
Colors	**Blanc**
Sales unit	**Piece**

OVERVIEW

Overview

Everything needed to lay, grout and protect mineral slips and tiles: choose the adhesive for the substrate and use, then impregnate exposed areas.

KEY BENEFITS

01
Complete system: adhesive, grout, primer, impregnation

02
Non-film-forming, vapour-permeable impregnations

03
Limit efflorescence, moss and lichen

04
Colourless, non-yellowing

05
Matt, wet-look or anti-stain finishes depending on product

06
Indoor and outdoor

THE MATERIAL

Installation and protection product for cladding

Adhesives, grouting tools, primers and water-repellent impregnations for mineral slips and tiles.

Use	**Porous ceramic tiles, unglazed concrete tiles, stone, plaster, bricks; indoor and outdoor**

PERFORMANCE AND TEST RESULTS

Property	Standard	Result
UV resistance		**Colourless after application, does not yellow** (Imprégnations hydrofuges)
Behaviour with water		**Penetrating, non-film-forming impregnation: makes the substrate water-repellent while staying vapour-permeable** (Imprégnations hydrofuges)
