Imper Guard Impregnation 1L

ImperGuard® impregnation is a waterproof and high-performance product that protects walls, facades and roofs against humidity.

INSTALLATION AND PROTECTION PRODUCT FOR CLADDING

IDENTIFICATION

Dartank reference	**D11AC26**
Dartank EAN	**3701839359853**
Material	**Installation and protection product for cladding**
Sales unit	**Piece**

OVERVIEW

Overview

Everything needed to lay, grout and protect mineral slips and tiles: choose the adhesive for the substrate and use, then impregnate exposed areas.

KEY BENEFITS

01
Complete system: adhesive, grout, primer, impregnation

02
Non-film-forming, vapour-permeable impregnations

03
Limit efflorescence, moss and lichen

04
Colourless, non-yellowing

05
Matt, wet-look or anti-stain finishes depending on product

06
Indoor and outdoor

THE MATERIAL

Installation and protection product for cladding

Adhesives, grouting tools, primers and water-repellent impregnations for mineral slips and tiles.

Use	**Porous ceramic tiles, unglazed concrete tiles, stone, plaster, bricks; indoor and outdoor**

PERFORMANCE AND TEST RESULTS

Property	Standard	Result
UV resistance		**Colourless after application, does not yellow** (Imprégnations hydrofuges)
Behaviour with water		**Penetrating, non-film-forming impregnation: makes the substrate water-repellent while staying vapour-permeable** (Imprégnations hydrofuges)
